Dear Customer,

Pharmacel® and Pharmacel® sMCC 90 are pharmaceutical grade Microcrystalline Cellulose products. To meet the high quality standards from the pharmaceutical industry with respect to colour and performance of the product, wood pulps are used as starting material. Herewith we confirm to you that we do not use genetically modified organisms (GMO's) or GMO derived products in the production of Pharmacel® and Pharmacel® sMCC 90.

Referring to the current legislation in the European Union* the product does not have to be labeled as GMO or GMO derived.

* Relevant EU legislation:

Regulation (EC) No 1829/2003 of the European Parliament and of the Council of 22 September 2003 on genetically modified food and feed

Regulation (EC) No 1830/2003 of the European Parliament and of the Council of 22 September 2003 concerning the traceability and labeling of genetically modified organisms and the traceability of food and feed products produced from genetically modified organisms and amending Directive 2001/18/EC

This statement substitutes all previous versions issued for the brand names mentioned above. We trust this information, which is made up to the best of our knowledge, will be helpful to you.

With kindest regards,

Name : Armand M. Janssen
